

**Qualidade da Água para Consumo Humano**  
**Resultados do Controlo Analítico de Água Distribuída no Concelho de Castelo Branco**

**1. INTRODUÇÃO**

A qualidade de água fornecida aos seus consumidores é uma preocupação constante dos Serviços Municipalizados de Castelo Branco.

Com o objectivo de assegurar o controlo de qualidade da água distribuída, são realizadas análises, na torneira do consumidor, de modo a verificar o cumprimento dos requisitos estabelecidos pelo Decreto-Lei n.º 152/2017, de 7 de Dezembro, que são publicitados trimestralmente, no Site dos SMCB, em edital e outros.

**2. APRESENTAÇÃO DOS RESULTADOS**

As análises realizadas constam de um Plano de Controlo de Qualidade de Água, PCQA 2017, que foi aprovado pela Entidade Competente – Entidade Reguladora dos Serviços de Águas e Resíduos, ERSAR.

As tabelas seguintes apresentam o resumo dos resultados do **2º trimestre de 2018**, pesquisados em 2 laboratórios aceites pela ERSAR (CESAB e o desinfectante residual é realizado pelo laboratório dos SMCB, no momento da recolha).

# Serviços Municipalizadosde Castelo Branco
